The EGM of PAM scheduled on 16th April was cancelled due to insufficient of quorum. The EGM was rescheduled to 23th April 2022.

The reschedule EGM of PAM on 23rd April was proceeded with insufficient quorum in accordance to the PAM Constitution.

The result of the resolutions presented are as follows:

1. To amend the PAM Constitution and Byelaws to reflect the resolutions adopted by the members at the 55th Annual General Meeting of PAM on 24th April 2021:
 - To allow for Graduate Members to have a representative elected among Graduate Members to Council through a modification of the existing election system at PAM.
 - The representative Graduate Member on Council to have the right to vote in Council.
 - That the elected Graduate Member representative to become the Chairperson of a permanent 'Graduate Committee' (ie. formerly called PAM:NEXT) with adequately allocated resources.
2. To amend the PAM Constitution to correct a transcription error previously not picked up and should be corrected. The referred clause should be '4.2.2 Ordinary Member' and not '11.2.2', which does not exist.
3. To amend the PAM Constitution and Bye-laws to reflect the revised nomenclature and to ensure there is no confusion with the previous PAM Code of Professional Conduct

or with the Code of Conduct For Architects as contained in the Architects Act 1967/ Architects Rules 1996. The new updated PAM Code of Conduct had been circulated to members and came into effect from 13th April 2021. The updated PAM Code of Conduct maintains all the same existing principles of good conduct and behaviour set out in the preceding PAM Code of Professional Conduct which it now supersedes. It is re-stated in a brief and easily readable format and further sets out PAM's commitment as a professional organisation to uphold respect for environment, heritage and community well-being in Clause 15 of PAM Byelaws.

4. To amend the Constitution to allow for a two-year Council term. In 2016, the Council presented a Council term of two years for consideration. However, it did not receive the two-thirds majority needed to amend the constitution.
5. To amend the Constitution to expand the number of Chapters' Committee members in order to better serve the Chapter members. The Chapter Committee felt that there is an increased need to expand the number of Committee members in order to serve the Chapter members better by providing more services and programs for professional development. More members also have been showing interest to contribute to the Institute. The proposal will give the Chapters more flexibility to operate with 6 to 9 committee members.

Decision for Resolutions 1,2,3 & 5 is carried while decision for Resolution 4 is not carried.

UPKJ WORKSHOP

Reported by Ar. Ivy Jong

Unimas Holdings on behalf of the Sarawak State Government conducted a year long study on transformation towards a world class delivery for UPKJ. PAMSC was invited with various other stakeholders on its final phase to on a 3-days review session for the new proposed guidelines and updated category in line with federal's MOF guidelines. The revised UPKJ guidelines is targeted to be tabled for implementation this year.

PAMSC was represented Ar. Noraini Noradden and Ar. Ivy Jong.

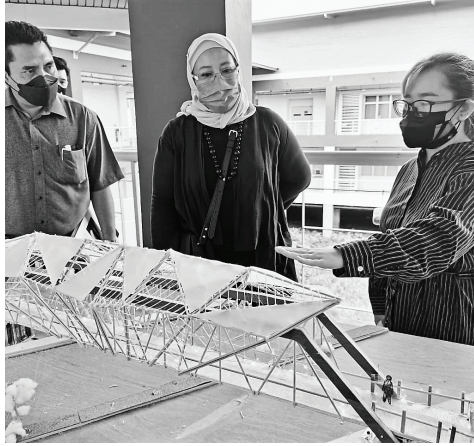

WHAT DO ARCHITECTS DO ALL DAY? 2/12

An idea which I saw at the back page of the AJ (Architect's Journal, RIBA) many years ago, in which architects describe their day in a series of photographs (Polaroids) - some depict structured time management in neatly cropped snapshots while others show a chaotic day rushing from airport to local council to site and back again in blurry images taken on the run.

We thought we would invite our readers to do the same - describe their day in a series of images and short captions - I'll start. And I nominate Chai Si Yong to be the next contributor.

6.45 a.m. game of tennis with Kelvin and Ni at the club before Tay collects me for our studio at UNIMAS.

9.30 a.m. Crit at UNIMAS with Ar. Nurina and Ar. Abg Razali; who were invited to review our students' work.

11.30 a.m. once a week we take turns to cook lunch at the office.

1.30 p.m. Hotel refurbishment project - site visit with sub contractors to finalise M&E routing.

2.30 p.m. TV room extension - inspecting recently struck concrete wall.

3.30 p.m. - afternoon tea with the MD.

5.00 p.m. COVE 55; a trip to the seaside with mom, to check defects rectification.

6.30 p.m. last minute tidying up before dinner, Dory stands guard.

9.00 p.m. doodling after dinner, listening to Stephen Fry on Qi

PAMSC IS MAKING PLANS TO BRING BACK THE STUDY TRIP THIS YEAR AND THE DESIGN FORUM NEXT YEAR.
